Experienced in sales operations, pipeline tracking, commercial analysis, Power BI, Tableau and KPI reporting. Combines customer-focused execution with accurate data, structured workflows and clear performance insights.

CORE COMPETENCIES

• Sales Operations & Revenue Growth • Pipeline Qualification & Conversion Tracking • Client Follow-Up • Commercial Analysis • KPI Dashboards & Reporting • Data Analysis & Validation • Social Media Analytics • Executive Support

PROFESSIONAL EXPERIENCE

Business Analyst Automobiles Ghana Ltd / Stoic Team Ghana <i>Executive Support to Founder/CEO: Bright Botchway</i>	2024-Present
- Architected AGL OPS Command Center (https://agl.software), a connected ERP and analytics environment integrating workshop, sales, expense, inventory, attendance and workforce data into role-based dashboards. - Translate growth and operational requirements into AI-enabled workflows, data structures, dashboards and reporting specifications; train staff on consistent data capture and reporting quality. - Analysed sales and marketing performance and led an 8-week growth initiative that increased average daily revenue from GHS 1,200 to GHS 2,700 (125%).	
Executive Operations Lead JonMon-Sacs Ghana Ltd <i>Executive Support to CEO: Barry Tariye Ndiomu</i>	2025-2026
- Managed financial, regulatory, vendor and property records, maintaining structured documentation for executive review, compliance and decision support. - Coordinated high-trust stakeholders and follow-up across Ghanaian business and property portfolio operations.	
Executive Assistant to CEO Trident Real Estate Group	2025
- Led full-cycle pre-financing research for the 2K Towers development and structured investor and deal information for executive decision support. - Built sales and marketing workflows for lead qualification, pipeline tracking, conversion reporting and client follow-up.	
Business Operations Manager Baa & Bean Cafe	2024
- Conducted sales and reporting gap analysis; rebuilt sales SOPs and performance workflows, contributing to a 120% revenue increase. - Managed compliance and stakeholder coordination across international partnerships.	
Administration Manager & Executive Assistant Zein Real Estate / Trident Group	2023-2024
- Compiled weekly and monthly executive reports covering financial tracking and departmental KPIs. - Automated reporting and administrative workflows using Google Apps Script, improving efficiency by 30%; coordinated executive meetings and conference logistics.
